Sloba Zizic, Director of Elementary School "Olga Golovic"</li> </ol> Workshop for children with disabilities
Information:	Ministry of Education and Sports launched the project "Network of support for inclusive education". Specifically, in 8 cities in Montenegro in regular schools there are also special classes where students with moderate to severe disabilities are working with defectologists. EPCG has recognized the importance of the process of inclusion of children with disabilities into the educational system, and decided to support the project of the Ministry of Education and Sports, whose final goal is the fulfilment of the rights of all people on education, in order to enjoy this right without discrimination and on an equal basis with others. For that purpose, didactic equipment for special classes in OS Olga Golovic in Niksic and Pljevlja Bosko Buha has been acquired.
